

## My Good Friend Pineapple

When I first saw Pine-Apple,  
I was really scared!  
She didn't look like an apple at all,  
and her hair was so spiky!  
It stood up all over the place,  
and looked sharp.  
I was scared to go near her.  
What if I got hurt?  
I stayed away from her for a long time,  
but then I got used to having her around,  
and felt less scared, and more relaxed  
and then I got closer to her  
and I learned she is actually pretty nice!  
She doesn't have to look like all the other apples!  
She's Pine-Apple!
